

Dear Confreres and Consoeurs.

I am in the process of collecting material for the history of our Order in Australia so beyond tapping the archives I would like to tap into your own experiences. To this end our worthy webmaster, Msgr Tony Toms, has consented to send out my request for help. If you are able could you please consider answering the following points and also send me copies, suitably identified, of photos, paper cuttings, memorabilia, etc that you feel might be useful. Anything you wish returned please let me know. I cannot promise to use everything that comes to me but it would be most helpful to have a store of material to draw upon.

Many of our earliest members are no longer with us so anything you are able to tell me about them would be very valuable.

I will presume that any material or details sent can be used freely. Any history should not be merely of facts but have a human face. Nevertheless, facts are the building blocks upon which the history can stand so I would be grateful to receive both facts and insights.

Personal details

Title and Name

Contact point (address, phone)

Rank/Awards/ Honours and dates of reception including dates and places of installation

Personal reminiscences relating to OLJ. These might include contacts with other members of the Order, pilgrimages undertaken. etc.

Yours fraternally,  
*John*

The Rev'd Dr John Cohen, OLJ
